

# Node Red Flow

The screenshot shows the IBM Cloud console for the application "Node RED CZVBT 2022-11-07". The application is in a "Running" state. The left sidebar contains navigation links: Overview, Runtime, Connections, Logs, API Management, and Autoscaling. The main content area displays the following information:

- Instances:** Health is 100%, 1/1 instance(s) are running. A slider for "MB memory per instance" is set to 256 (range 0 to 2048).
- Runtime:** A donut chart shows 256 MB total allocation, with 1.75 GB still available. The chart is divided into "Free" (light gray) and "Used" (dark gray) segments.
- Runtime cost:** Current and estimated cost are both US\$ 0.00.
- Connections (1):** A single connection is listed: "node-red-czvt-2022--cloudant-1667830278404-54445".

A notification banner at the top states: "IBM Cloud Foundry Public is being deprecated. Please see full details."
